Special Offering of Women's Newest Advance Styles--Suits, Coats and Dresses--
Take your pick at Twenty-five Per Cent Saving from the Regular Prices. Buy now

Our Mr. H. W. Meyers advises us that he has found it necessary to cancel orders that were placed early for Women's Suits and Coats, for, since arriving in New York, he finds that the styles shown at that time were not up-to-the-minute and he is expressing daily shipments of the very newest fall and winter garments as they are brought out by the manufacturers. The new models are strikingly beautiful, showing a decided and pleasing change in fashioning, fabric and color. See these new arrivals. 25% reduction during Remodeling Sale.

CRIPPLED CRUISERS ARRIVE AT HONGKONG

Indications Are There Has Been a Hot Naval Battle in the China Seas—Cruisers Badly Damaged.

Tokio, Aug. 14.—That there has been a desperate naval battle off the China coast was inferred here today from news of the arrival at Hongkong of two badly damaged cruisers, said to have many wounded on board.

Though the censor would not permit transmission of the vessel's names, it was believed they were either the Duplex and the Montcalm of the French fleet or the British cruisers Minotaur and Hampshire.

It was conjectured they had been in battle with the German cruisers Scharnhorst and Gaisennau.

be the center of the berry belt of the valley.

Many have ordered suits from Mosher's new fall patterns during the past 10 days. Why not you? 344 State street.

D. L. Potter, much offended and indignant because he had been arrested last night by Speed Cop Spencer for violating the speed ordinance, appeared in police court this morning and paid a fine of \$10. Officer Spencer said that Potter had been reported several times for too fast riding and escaped from him two or three times. He is employed at the Spaulding Logging company.

Governor West today appointed Chas. V. Brown, of Astoria, as secretary of the naval board.

Why wait for cold weather to order your suit of Mosher. Get your order in now and save from \$5 to \$20 and have it ready when you want it. 344 State street.

As a relief from the torridness of the past few days, the thermometer at Farr's jewelry store at noon, was about eight degrees lower than yesterday. About noon yesterday the thermometer registered 101.

Order your fall suit now of Mosher, the tailor. His new fall patterns are all in. Why wait? 344 State.

A motion to strike out parts of the suit filed against the State corporation commission to test the constitutionality of the law was filed today by attorney John M. Pipes of Portland. It is explained that the purpose of the motion is to narrow the controversy down to the single issue of the constitutionality of the law and to eliminate all extraneous matter.

Now is the time to plan that Sunday dinner. Order your groceries from L. M. Boggs & Co., and you will be sure of getting the best.

An ingenious observation chart upon which to keep a record of the pupils of the schools has been worked out by Elmer F. Goodwin, superintendent of the Broussard schools. A model of the chart sent to Superintendent A. J. Churchill this morning contains small squares in which may be marked the pupil's record in scholarship, state of health, industry, leadership, politeness, altruism, judgment, formation and home work. The squares each represent 10 per cent and by this method an exact computation of the individual record may be reached.

Auto gloves, driving gloves, work gloves, gloves of all kinds and for all purposes at Sauer's leather goods store. 187 South Commercial.

A license was issued today for the marriage of Ellis Guy McMillan, a stockman of this city, and Mrs. Vida Thoe, also of Salem.

I must sell shoes cheaply to raise money quickly. It's your opportunity. Vogt, 220 North Commercial.

The case of D. A. Terhune against Shelly Cornell, which was tried in Judge Galloway's department of the circuit court, was taken under advisement by his honor. This was a suit to foreclose a mortgage secured by a mortgage on lands belonging to Cornell. Cornell claims that he was given a promise of a year's extension of time in which to pay the notes. The plaintiff denies this, and there the matter rests. Judge Galloway will hand down his decision within a short time.

Cider fresh every day. Phone your order 2194. Commercial Cider Works.

Relative to the decision of the attorney general regarding the nine-hour ruling of the industrial welfare commission in the case of hop pickers, O. P. Hoff said this morning that the maximum of 54 hours per week would rule instead of the nine hours per day. The amendment to the state law as prepared by the welfare commission, has no reference to women hop pickers, but the previous rulings of the commission provide for the 54 hours per week, and as long as the women do not work more than 54 hours per week they may put in any number of hours in one day.

Peaches for sale. At R. R. Ryan's public market, Early Crawford's for sale at 50c a box. These boxes contain 30 pounds each and equal a crate and a half. They are picked ripe and are far superior in flavor to any other peach on the market.

An interesting letter was received by the Oregon Development league at Portland recently and referred to the Salem commercial club for an answer. The letter was from the Crescent City Carbonate company, corner of Celeste and Religious streets, New Orleans, Louisiana, and asked information concerning small fruits, such as strawberries and blackberries. The company states that they want to buy such berries by the barrel for use in furnishing real flavoring for their soda fountain. The letter was referred to the Salem organization, as this place is acknowledged to

War Bulletins

LONDON, Oct. 14.—An unidentified man was found prowling about the Wolsey barracks here today and ordered to halt. He refused, and was shot and mortally wounded. The man, it was believed, was a German spy.

VIENNA, Aug. 14.—The two warships Austria has had blockading the Montenegrin coast were withdrawn from there today as it was deemed they were more urgently needed to resist an expected attack by the combined British and French Mediterranean fleets.

LONDON, Aug. 14.—That he passed seven sunken German ships off Spain was reported by the captain of a Danish vessel arriving at West Hartlepool, according to a dispatch from there published in the London Chronicle today. The official press bureau had no news of any such incident.

THE HAGUE, Aug. 14.—The commander of the German troops in Belgium has forbidden the Dutch Red Cross to pass its lines.

It was learned here today that he has also refused to allow his wounded to cross the frontier into Holland because they must remain there as non-combatants even if they recover, Holland being neutral.

The Germans were concealing their losses.

ST. PETERSBURG, Aug. 14.—Russia had approximately 2,000,000 troops massed today on the German and Austrian frontiers. Preparations were being made for active operations on a large scale. Besides the force on the frontiers, the Russian mobilization includes about 3,000,000 more soldiers.

BRUSSELS, Aug. 14.—Rumors that Gen. Von Emmich committed suicide after being rebuffed by the German general staff were published tonight by the newspapers here.

Von Emmich led the German troops to the attack, as yet unsuccessful, on the Liege fortifications.

The reports of his suicide were attributed to German prisoners of war.

BRUSSELS, Aug. 14.—The war office issued another announcement this afternoon that the Liege forts were still holding out. This was in denial of an Austrian report that the Germans had stormed Fort Pontine. It was added that the German cavalry had been cleared out of the country west of a line drawn from Hasselt to Ramillies.

This, since it was as far west as Louvain, meant it had been driven back 20 or 25 miles from its most advanced position.

MAILING PAMPHLETS TO VOTERS HAS BEGUN

The mailing of the 250,000 voters pamphlets to the voters of the state will begin Monday. The last date of mailing is September 9 and from now until that time the pamphlets will be mailed as they come from the hands of the book binders. The George F. Rodgers Paper company has the contract for the mailing of the pamphlets, the secretary of state's office supplying the wrappers already addressed.

The pamphlet contains 110 pages and the arguments for and against the 10 measures referred from the legislature of 1913 and 19 initiative measures. Three other bills are of local interest. Hood River county and Columbia county vote on the question of county officers' salaries and Harney county votes on a bill relative to a bounty on jack rabbits. As these bills were only local bills they were printed on a separate sheet of paper and will be inserted in the books being sent to these counties where they are to be voted on.

STEAMSHIP TO SAIL ON REGULAR DATES

London, Aug. 14.—British-American steamships are about to resume their regular sailings, it was announced here today.

The Olympic, it was stated, will sail August 19, the Mauretania August 20, and the Lusitania September 3.

R. V. Sefton, who has been suffering from concussion of the brain since July 27, was removed from the Salem hospital to his home at 405 South Seventh last night and is now well on the way toward complete recovery. He is a member of the circulation department of The Journal and was riding a motorcycle in the vicinity of Lincoln, in Polk county, when he suddenly came upon a rough piece of road and was thrown to the ground with such force that he was rendered unconscious. A passing farmer found him and he was rushed to Salem by auto, where medical attention was given him. Sefton did not recover consciousness for a considerable time and it was feared he would not survive, but a naturally virile constitution and very rational nursing has won the struggle for him.

D. A. Rater, aged 66 years, who lies in the Salem hospital with his back broken as the result of a fall from the roof of a barn at Monday's landing Wednesday afternoon, is reported as getting along as well as could be expected under the circumstances. This afternoon there had been no change in his condition. So far as is known, there are absolutely no chances for his recovery. He is paralyzed below the waist. His back is broken just below the shoulder. He was alone on the roof of the barn belonging to Mrs. R. T. Monday and was found by her mourning on the ground and helpless. He is unable to account for the fall, and it is believed he was overcome by the heat.

Martha G. Berry was appointed administratrix of the estate of Spencer G. Berry, deceased, by Judge Bishop today. Mrs. Berry is the widow and only heir. The estate is valued at \$8000. Elmer J. Starnard, Frank Whitman and C. W. Gillette were appointed appraisers.

Only one "BROMO QUININE." To get the genuine, call for full name LAXATIVE BROMO QUININE. Look for signature of E. W. Grove. Cures a Cold in One Day. 25c.

VANCOUVER GETS GUNS AND GUNNERS

Fearing German Cruiser Might Get by Victoria at Night Vancouver Prepares for Defense.

Vancouver, B. C., Aug. 14.—The British ship of war Albatross is expected hourly to arrive at Esquimalt, where she will join the cruisers Rainbow and Shearwater.

Fears are expressed here that the German cruiser Leipzig may get past Victoria under cover of darkness and start something in Vancouver.

This, however, would be impossible in the daytime.

The harbor line from Esquimalt to Victoria is heavily mined and well fortified. The Esquimalt naval station has been notified of the approach of the Leipzig and a battle will surely result in the straits between the German cruiser and the Rainbow, assisted by submarines if the Leipzig arrived in the day time.

During the last few days more guns have arrived here and been placed in commanding positions.

The British admiralty today ordered the Blue Funnel line steamship Proteus to Union Bay for coal. It is likely the Proteus will be convoyed by the Rainbow.

The Canadian Pacific liner Empress of India is due to arrive here this afternoon from the Orient with a million dollar silk cargo, and she will barely escape the Leipzig on the high seas.

Gets Guns and Gunners.

Vancouver, B. C., Aug. 14.—A special train arrived here this morning with two trained gunners and four big pieces of ordnance from the arsenal at Colong, Ont., for use at Point Grey, B. C., which overlooks the entrance to Vancouver harbor.

Every day some new move is made for the protection of Vancouver and Victoria. A special train of carloads of ammunition arrived today for the Esquimalt naval base.

Vancouver has 10,000 American residents, and if conditions get serious, as it is expected, the government will ask for a battleship to be stationed to protect American interests here.

LOSSES ARE GREAT BUT FIGURES WITHHELD

Antwerp, Aug. 14.—Efforts made here today to secure an estimate of the number of killed and wounded on both sides in the huge battle now in its third day all along the line from the Dutch frontier, through Belgium and Luxembourg and the length of the Franco-German boundary to the Swiss border, proved unavailing.

In a large sense the whole affair is one gigantic engagement. In another sense, however, it is a series of separate fights. Concerning some of these many details were known, of other only the baldest statements had been received. Doubtless there have been many which have not been reported at all.

The censorship is rigid. Neither side is willing to admit the real extent of its actual losses.

That thousands have been killed and a still larger number of thousands wounded was certain. It was impossible to speak much more accurately.

A decided shock was caused here by the news that Germans forced their way as far as Louvain less than 20 miles from Brussels and not quite 30 from here and immense relief was felt at assurances that the allies, under King Albert's personal command, it was reported, had driven them back.

The German Front.

As nearly as could be learned the German front extended from the vicinity of Hasselt, in northeastern Belgium, southwest through Langen to Ramillies and thence back to the south coast through Huy and along the river Ourthe to the Luxembourg frontier, southwest from there to Longwy, France, and thence, again southward to the Swiss frontier.

This did not mean, however, that the Kaiser's troops controlled all the country to the eastward of this line. The edge of the fighting was still resisting, and there were various places where Belgian cavalry, operating to the rear, had been able to cut off from communication with their own base.

A German force was said to be in possession of Marche Les Dames, close to Namur, and it was believed this was only a raiding party.

More fighting was reported Thursday in the vicinity of Haelen where the Germans suffered so heavily Wednesday night. An artillery engagement also occurred Thursday noon at Tongres.

Delegations of G. A. R. men will be in Salem tomorrow from Woodburn and Silverton for the purpose of forming a Marion county veterans' association. Meeting will be held in the armory in the quarters of Selgwick post, No. 10.
